P A I N T S

## Who we are

Vimal Group is one of the respected groups undersigned by the leading mentors and with the turnover above 2000 million INR, with about 40 years of dedicated service to the nation and people in more than 19 verticals as Vimal Microns Ltd, Vimal Coatings Ltd, Vimal Oil & Foods Ltd, Vimal Dairy Ltd, Vimal Flexsol Ltd, Akik Tiles Pvt. Ltd (Swastik Tiles).

“It takes years to build a **Brand respect**, but very easy to create Brand Awareness & Recognition; **Our Customers advertise us**, so do we never need to do”

## History & About us

Vimal Paints is a Premier part of Vimal Group founded in 1991 and a Brain child of Mr.G.K.Patel (UDCT-Mumbai) an entrepreneur with a great foresight and vision to leads this industry towards speciality coatings with his years of expertise and knowledge in Paint Industry with the best innovations in practice for Automotive, Industrial & Decorative Paints. With advancement in technologies Vimal Paints has set benchmarks for all followers and leaders in the industry to follow the best and economical practices to save environment and constantly work towards green engineering.

“We believe to **consult** rather just to sell, unlike others; our understanding towards your requirement can save your **resources**”

## Corporate Motto

“A **satisfied customer** is the best source to Brand, its ethical to sell products but not brand and its values against poor quality and price”

We constantly Endeavour to identify customer needs & develop better novel products with Harmonious co-existence on nature and society at economical prices to reach the customer on time.

## Management Philosophy

“In Media one looks big name's recurrence, but those not always assure **quality**, Middle order scores better where the Top one fails, as it has to establish its **credentials**”

## Quality Management

“It takes **expertise** to meet stringent requirements; it makes us to take **challenges**, which takes the best man, materials and technology for us to deliver”

Quality management at Vimal Paints is the state of art with the giant latest machinery and technology.

Strict norms towards understanding of ISO 9001:2008 certification. Our 4 phase quality systems ensure the quality for each gram of paints being manufacture with us on **SAP systems**,

Stage 1: RM(Raw Material) Testing,

Stage 2: Intermediate Testing

Stage 3: FM(Finish Goods) Testing

Stage 4: Applications Test & Results

## Research & Development -R&D

“Our each sample is **valuable**, not to the cost but towards the precision to understand your requirements and **developing & tailoring** the same to suit you.”

Vimal Paints works with IS standards, The highly qualified scientists and technologists spending hours and years in high-tech laboratories for the continuous process of development and research which is unlike with other who believe in formulations, we work ahead and think beyond formulations and results which makes us leaders in innovations. The team comprises of various Research Associations and global consultants and scientists.

## Service & Supplies

“**Service is the liking** and not the brand or Price; we are never un-attended by any customer as we are never **away from them**”

We are mobile with the service & delivery, also with the packing varying from 20Ltr Drum to 200 Ltr Barrels to tanker loads. We assure the reduced lead time for supply and delivery of ordered materials. No orders or deliveries are un-answered and un-attended. Multiple Marketing offices & depots with additional support from dealer & distributor network adds value to service with Vimal Paints.

## Product Range

“Learning never ends so do development never ends; our strength is to develop the **best in least**”
